MIRANO

Multi-Effx Metallic Pigment

INSTRUCTIONS

Use Mirano Color Pigments with Gel Polish on natural nails and over other artificial nail enhancement as follows:

- 1** Begin nail prep and base gel application for natural nails. Cure as manufacture instructed.
- 2** Apply two coats Mirano Black Onyx Gel Polish. Cure each coat 1min, LED/UV lamp.
- 3** Apply Mirano non-wipe Gel Top Sealer Gloss. Cure for 1min, LED/UV lamp.
- 4** Using the application brush, rub Mirano Color Pigment of your choice into the nail. Gently brush away excess pigment powder.
- 5** Re-apply Mirano non-wipe Gel Top Sealer Gloss. Cure for 1min, LED/UV lamp.
- 6** For lasting seal on natural nails, next apply Gelée Top Coat and be sure to cap the free-edge. Cure for 30 secs LED/UV lamp.
